MEMORANDUM FOR: Director of Communications
 Director of Finance
 Director of Logistics
 Director of Medical Services
 Director of Personnel
 Director of Security
 Director of Training

I have just finished reading your several contributions on the subject of communications. The final form and content of what Mr. Coffey sends forward has not been fixed, but I want to say a personal word — and if this be Support chauvinism make the most of it. Without exception, your notes reflect a sensitivity and an awareness which, if equaled throughout the Agency, would minimize the communications problem, whatever that means. Your various Offices have used various devices. You have described your attitudes and practices in different words, but basic intent is common. Feeling as you know I do on the subject myself, I thoroughly enjoyed reading these papers and drawing from them a response Mr. Coffey might make to the Executive Director. I am suggesting to Mr. Coffey that he provide each of you with a copy of his memorandum to Colonel White, but, in addition, I am personally of a mind to reproduce your individual contributions and distribute the whole package to each of you on an Eyes Only basis. If any of you would prefer that I not do this with your particular paper, please let me know.
